

BORAH READS PEACE TREATY TO SENATE

Copy of Document is Forced Into Records After Five Hours Debate.

Washington, June 9.—Out of a whirlwind of developments the senate today got a copy of the peace treaty, and after a five-hour fight ordered it printed in the public record.

At the same time it got under way the investigation of how copies have reached private hands in New York by summoning to testify a half dozen of the country's leading financiers.

The copy which went into the record was brought to this country by a newspaper man and was presented by Senator Borah, Republican, of Idaho, just after the reading of a cablegram from President Wilson saying he could not without breaking faith send to the senate the text of the treaty.

The effect of the day's history-making developments was to clear the air on the much-debated subject of publicity for the treaty text, to widen the breach between the president and the senate majority and to forecast a sensational turn for the inquiry into the manner by which copies of the document have become available to unauthorized persons.

MOVE TO ADMIT GERMANS GROWS

Increasing Sentiment in Favor of Admittance Due to the Danger of Another Group of Rival Powers.

Paris, June 9.—The movement to admit Germany to the league of nations is due mainly to the desire to avoid the possibility of the formation of another group composed of rival powers which would embrace Germany, Russia and the old Teutonic group.

Evidences have reached the conference leaders of late that influences are at work in Germany and Russia to establish relations as a basis for a combination of powers not in the league. While not regarded as imminent, it was felt that the danger of such combination would be always present while Germany was outside the league and the admission of Germany therefore was recommended as a means of subjecting her to the same obligations as the allies under the league of nations.

This sentiment was chiefly instrumental in the unanimous decision of the British, French, American and Italian members of the league committee concerning the conditions on which Germany may be admitted.

104 CARLOADS STRAW-BERRIES FROM MONETT

Monett growers have shipped 104 carloads of strawberries by freight this season. This does not include the express shipments which have been heavy. The two associations have shipped 81 cars of Monett berries and independent shippers have loaded 23 cars.

Counting \$2,500 per car, Monett growers have received \$260,000 for their crop this year. Express shipments will raise the amount considerably.

This amount of money coming into a community inside of a few weeks is bound to have its effect in increased prosperity for the growers, laborers, associations and business men.

PURDY

Lenlin Sexton, Ray Harper and other boys who really know what it is to "go over the top" arrived home Sunday. It was reported that Lenlin was killed in action and we can only imagine how the heart of his mother and other relatives and friends leaped for joy when he arrived safely home.

This locality was visited by a hail storm Friday afternoon which did hundreds, and possibly thousands of dollars, damage to growing crops. A number of wheat fields were rendered worthless except for feed.

Wednesday evening the garage was burglarized and two auto tires stolen. A clue was followed out which led to Cassville and Mineral Springs where the tires were recovered and Frank Timmons and Tom Lindley placed under arrest.

One of the most successful berry seasons ever experienced has just closed and some who possibly never dreamed of such will be compelled to pay an income tax, and others who have regarded berry growing as a "piddling" occupation, are beginning to get their eyes open to the fact that that kind of "piddling" is mighty profitable. It is one of the "little" things that by co-operation has grown to large proportions.

Our people are busy cleaning up and getting in shape for the Chautauqua the last of this week and also for the reunion July 3, 4 and 5.

HARVEST TO BEGIN WITHIN A WEEK

Wheat harvest is expected to begin in this section within a week. The heavy rain of Tuesday night, probably delayed the cutting a little. Some of the fields are now quite yellow.

The wheat in this vicinity has a wonderful stand and though the rust is on some of it the damage will be slight.

The farmers are having trouble to secure sufficient labor to harvest the immense crop.

A heavy hail last week, in the vicinity of Purdy and Corsicana, damaged a number of fields, some of them being unfit to cut.

MONETT MAY GET WHOLESALE GROCERY

Powell & Bodie, of Cabot, Arkansas Well Pleased with Town as Location for Business.

Mr. Powell and Mr. Bodie, proprietors of a wholesale grocery house at Cabot, Ark., were in town this week looking over Monett as a prospective location for another wholesale house. They had heard of the advantages of the town from different sources but were very much surprised to find the good business town that we have.

The gentlemen are in earnest in the matter and investigated the prospects from every standpoint. They found that as a railroad shipping center they could not do better than to come to Monett and that they will be able to get a suitable location in a short time is assured.

Mr. Powell and Mr. Bodie met with the Commercial club at their meeting, Tuesday night, and were given every encouragement to come to Monett to establish their business. They will make a decision soon and will probably be ready to begin business before fall.

CHANGE DATE OF FRISCO PICNIC TO JUNE 25

The date of the Frisco employees' picnic has been changed from June 21 to June 25 at the request of General Manager Kurn. Matt Golden is chairman of the employees' committee which has charge of the arrangements for the picnic.

COMMERCIAL CLUB PLANS FOR SALES DAY

The Monett Commercial club met, Tuesday evening, to make plans for the next sales day, July 7. There was a good attendance and much interest shown.

Other matters were also considered including the proposal of Mr. Powell and Mr. Bodie, of Cabot, Ark., to establish a wholesale grocery house here. The club agreed to give the gentlemen all the help they could to put in the business, believing that it would be mutually beneficial.

That Monett has not secured wholesale houses before this was a source of surprise to the gentlemen. The fact is probably due to the lack of interest shown in Commercial club movements heretofore. With the co-operation of all the business and railroad men of the city, Monett should be able to secure a good many new enterprises. More boosting and less knocking will work wonders.

Mr. Lanius came Tuesday morning from Little Rock, Ark., and brought Misses Lucille Lanius and Ella Baker to spend the summer vacation with Dr. and Mrs. A. S. Hawkins.

Mr. Murphy is a brother to Mrs. A. D. Alsop, 802 Fifth street.

PLENTY OF FRUIT THIS YEAR

The strawberry crop this year exceeded all expectations on account of the unusually favorable season. Berry picking is practically ended and the early cherries are harvested.

The late cherry trees are loaded with fruit of fine quality. The fruit is selling at a good price. Raspberries are now on the market and the frequent showers have made them plump and delicious.
